DEMO WEB SHOP - LOGIN, REGISTRATION & PAYMENT FUNCTIONAL AND NON-FUNCTIONAL TEST CASES

Module Name: Demo Web Shop - Login, Registration & Payment Functional and Non-Functional Test Cases

Test Case ID: T4_TC_01

Tester Name: Rajput Roshni

Test Case Description: To validate the functionality and quality of the Demo Web Shop application by executing functional, non-functional, positive and negative test cases for the Login, Registration and Payment modules.

Prerequisites: 1. Stable internet connection 2. Google Chrome browser installed 3. Valid URL of the Demo Web Shop application 4. Test user account available for login and checkout scenarios

Environment Information: Webpage URL: https://demowebshop.tricentis.com

Scenario ID: a1

Scenario: Valid Login (Positive Test)

Test Steps:

1. Open Demo Web Shop
2. Click 'Login'
3. Enter valid email
4. Enter valid password
5. Click 'Log in' button

Test Input: URL: demowebshop.tricentis.com, Email: rajputroshni2007@gmail.com

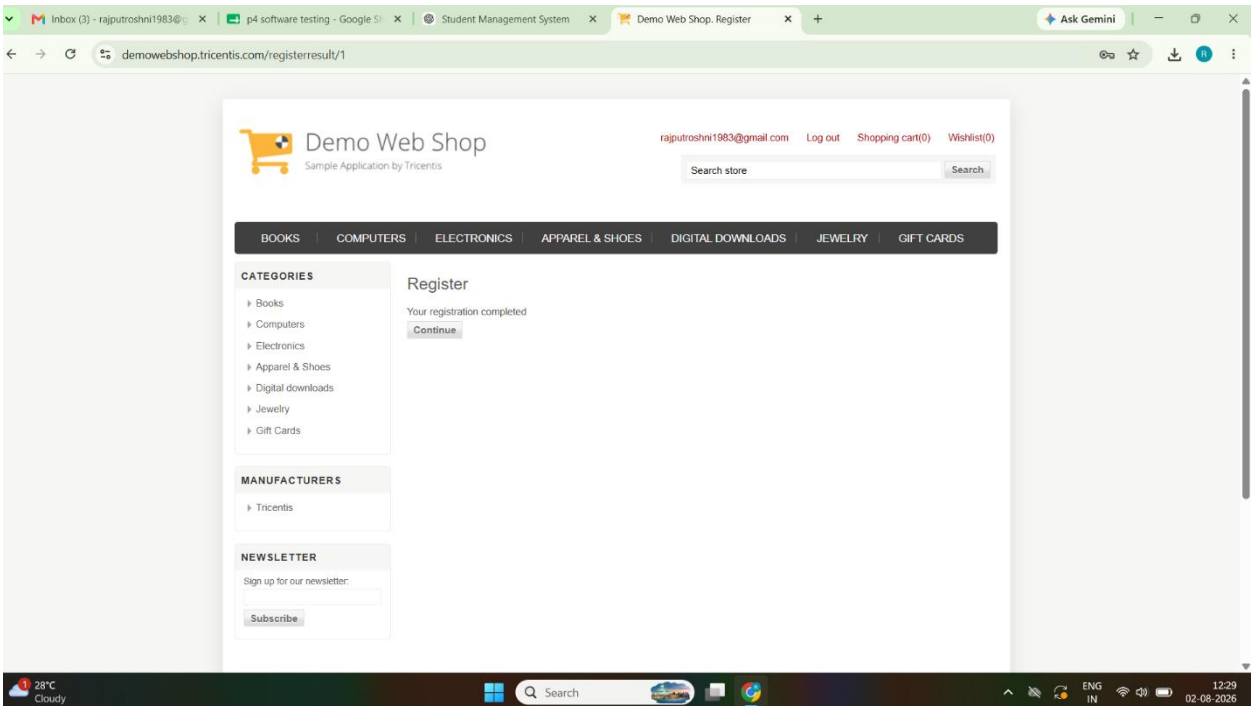

Expected Results: User should log in successfully and the login page option should work as expected

Actual Results: User logged in successfully as rajputroshni2007@gmail.com; header displayed the logged-in email, 'Log out' link and Shopping cart, confirming an active session while proceeding to Checkout

Status: Pass

Comments: No issue found

Screenshots:

Scenario ID: a2

Scenario: Invalid Login (Negative Test)

Test Steps:

1. Open Login page
2. Enter invalid/unregistered email
3. Enter wrong password
4. Click 'Log in'

Test Input: Email: rajputroshni2007@gmail.com (not registered at time of test), Password: (entered)

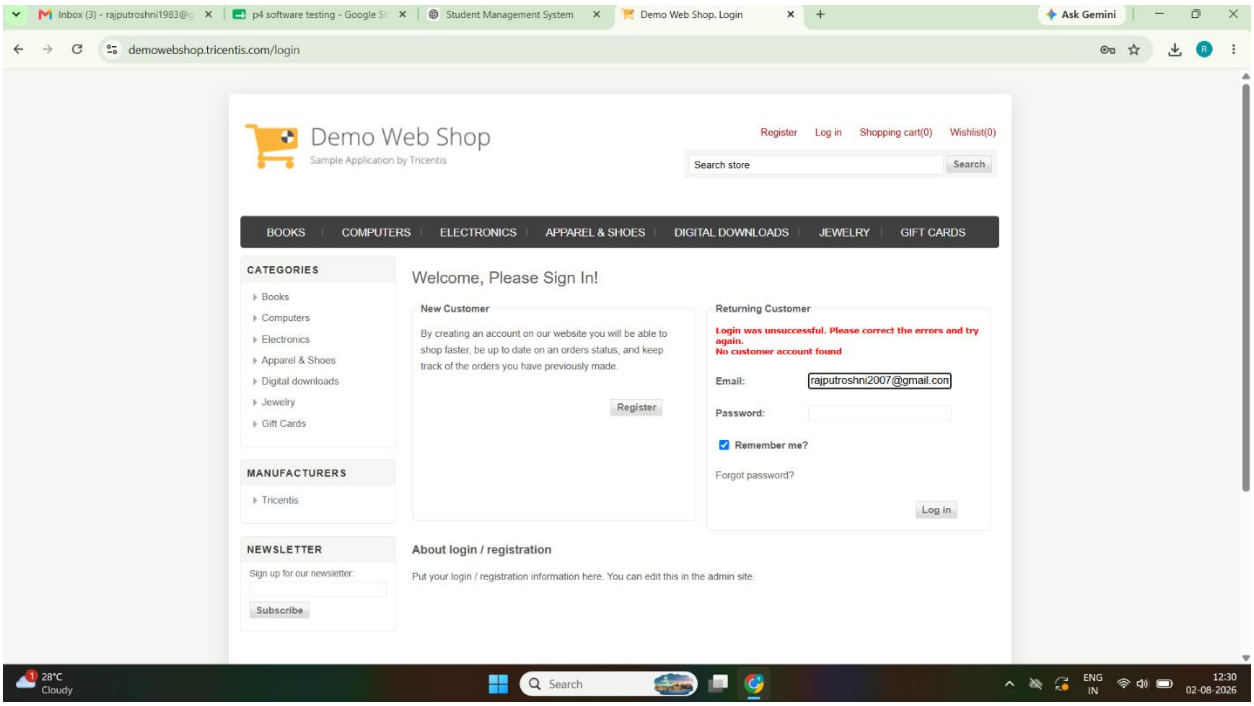

Expected Results: An error message should be displayed

Actual Results: Login failed with the error message 'Login was unsuccessful. Please correct the errors and try again. No customer account found'

Status: Pass

Comments: No issue found

Screenshots:

Scenario ID: a3

Scenario: User Registration (Positive Test)

Test Steps:

1. Open Registration page
2. Enter Personal Details
3. Enter Password
4. Confirm Password
5. Click 'Register'

Test Input: Email: rajputroshni1983@gmail.com

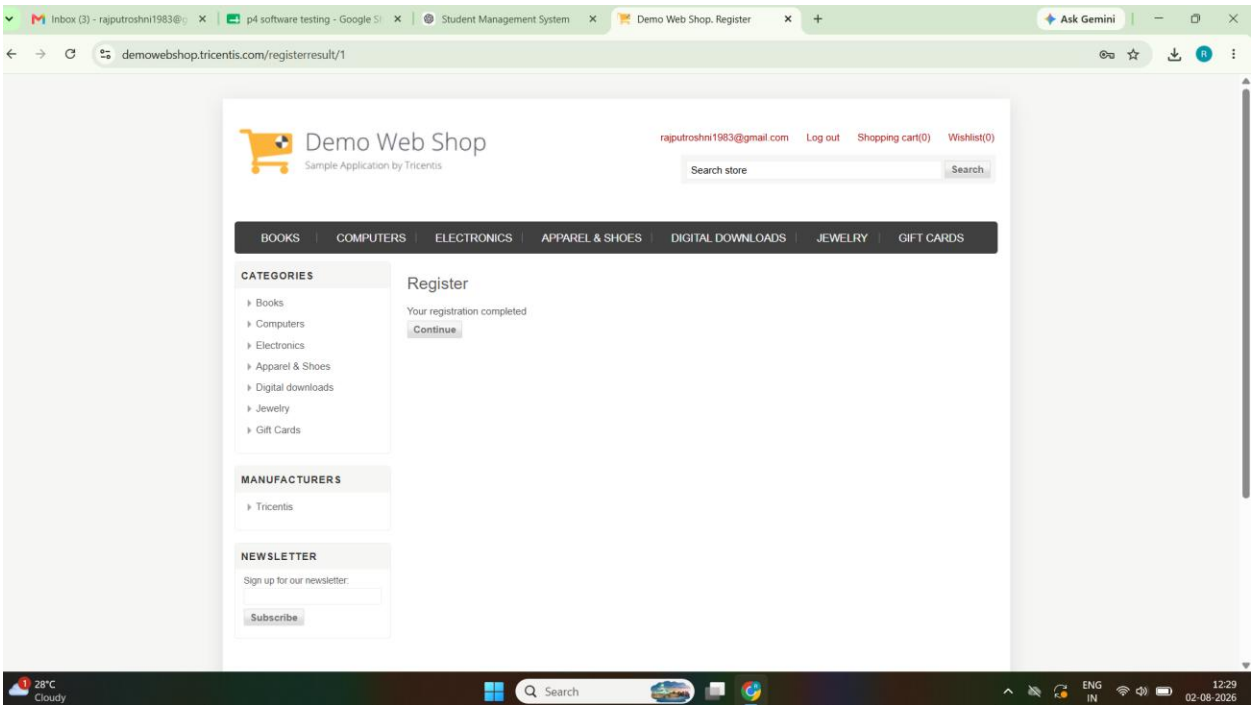

Expected Results: Account should be created successfully

Actual Results: Registration completed successfully; confirmation page displayed 'Your registration completed' with a Continue button, and the user was logged in as rajputroshni1983@gmail.com

Status: Pass

Comments: No issue found

Screenshots:

Scenario ID: b4

Scenario: Register With Existing Email (Negative Test)

Test Steps:

1. Open Register page
2. Enter an already-registered email
3. Enter password
4. Click 'Register'

Test Input: Email: rajputroshni1983@gmail.com (already registered)

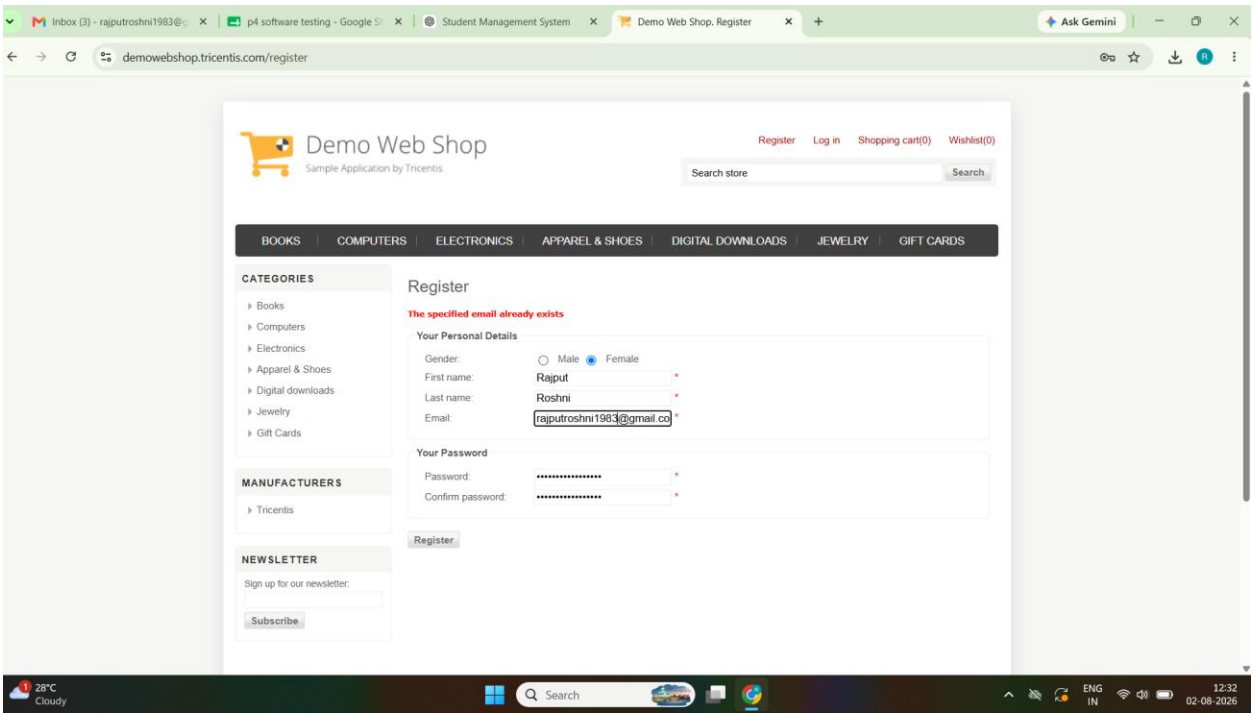

Expected Results: A duplicate email error should be displayed

Actual Results: Registration failed and the error message 'The specified email already exists' was displayed

Status: Pass

Comments: No issue found

Screenshots:

Scenario ID: b5

Scenario: Successful Payment (Functional Test)

Test Steps:

1. Login to account
2. Add product to cart
3. Proceed to checkout
4. Enter payment details
5. Confirm order

Test Input: Product: Smartphone, Payment Method: Cash On Delivery (COD)

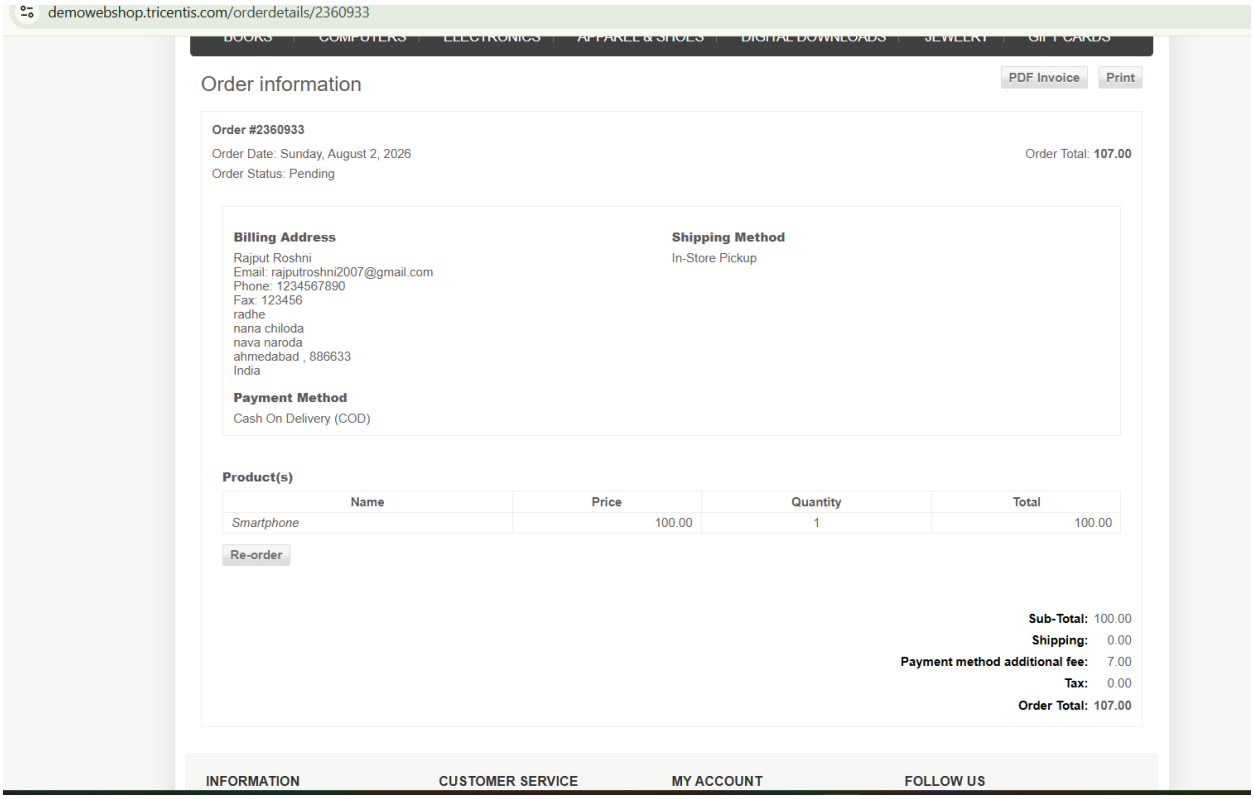

Expected Results: Order should be placed successfully

Actual Results: Order placed successfully; Order #2360933 confirmed with Order Date: Sunday, August 2, 2026, Order Status: Pending, Payment Method: Cash On Delivery (COD), Product: Smartphone Qty 1 - $100.00, and Order Total: $107.00 (including $7.00 payment method additional fee)

Status: Pass

Comments: No issue found

Screenshots:

Scenario ID: b6

Scenario: Payment With Invalid Detail (Negative Test)

Test Steps:

1. Login and open checkout
2. Enter invalid/incomplete details
3. Click 'Continue'
4. User remains on the same page

Test Input: Required checkout fields left blank (Country, City, Street Address, Zip, Phone)

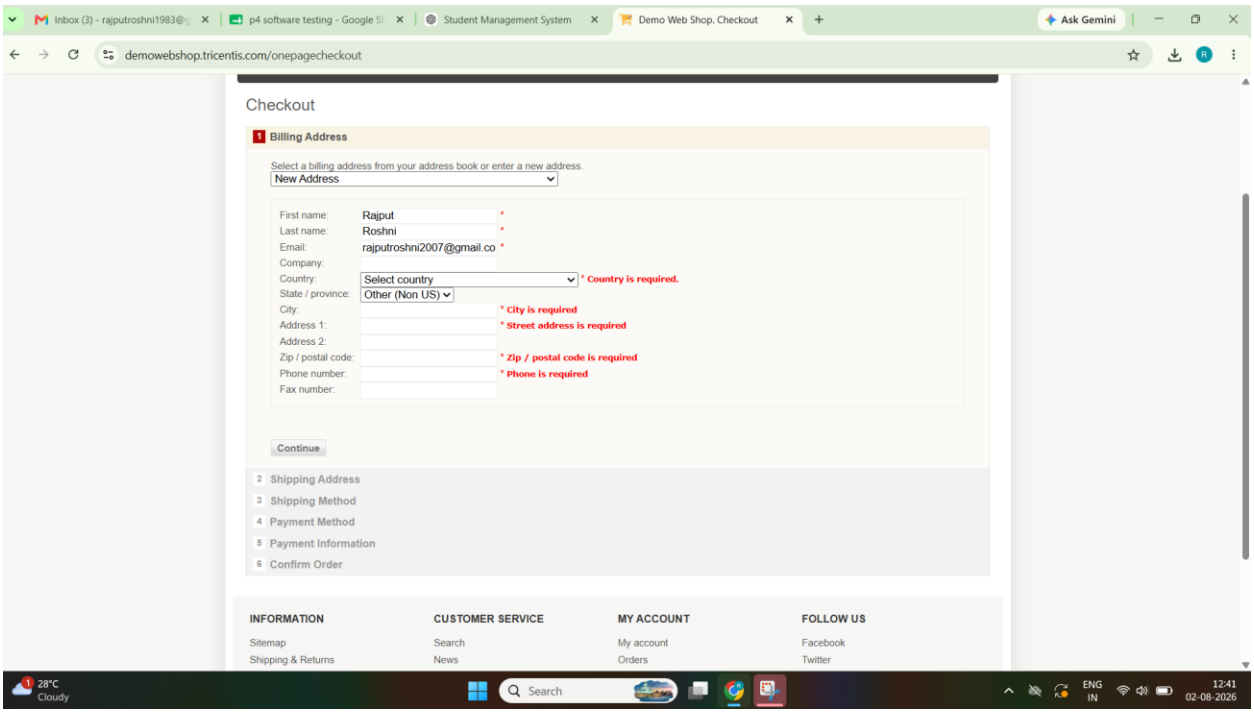

Expected Results: Order should not be placed and the user should remain on the same page

Actual Results: Validation errors were displayed - 'Country is required', 'City is required', 'Street address is required', 'Zip / postal code is required' and 'Phone is required'; order was not placed and the user remained on the Billing Address step

Status: Pass

Comments: No issue found

Screenshots:

Scenario ID: c7

Scenario: Checkout Performance (Non-Functional Test)

Test Steps:

1. Login to Demo Web Shop
2. Add product to cart
3. Click 'Checkout'
4. Navigate between checkout pages
5. Complete checkout
6. Verify system response

Test Input: N/A

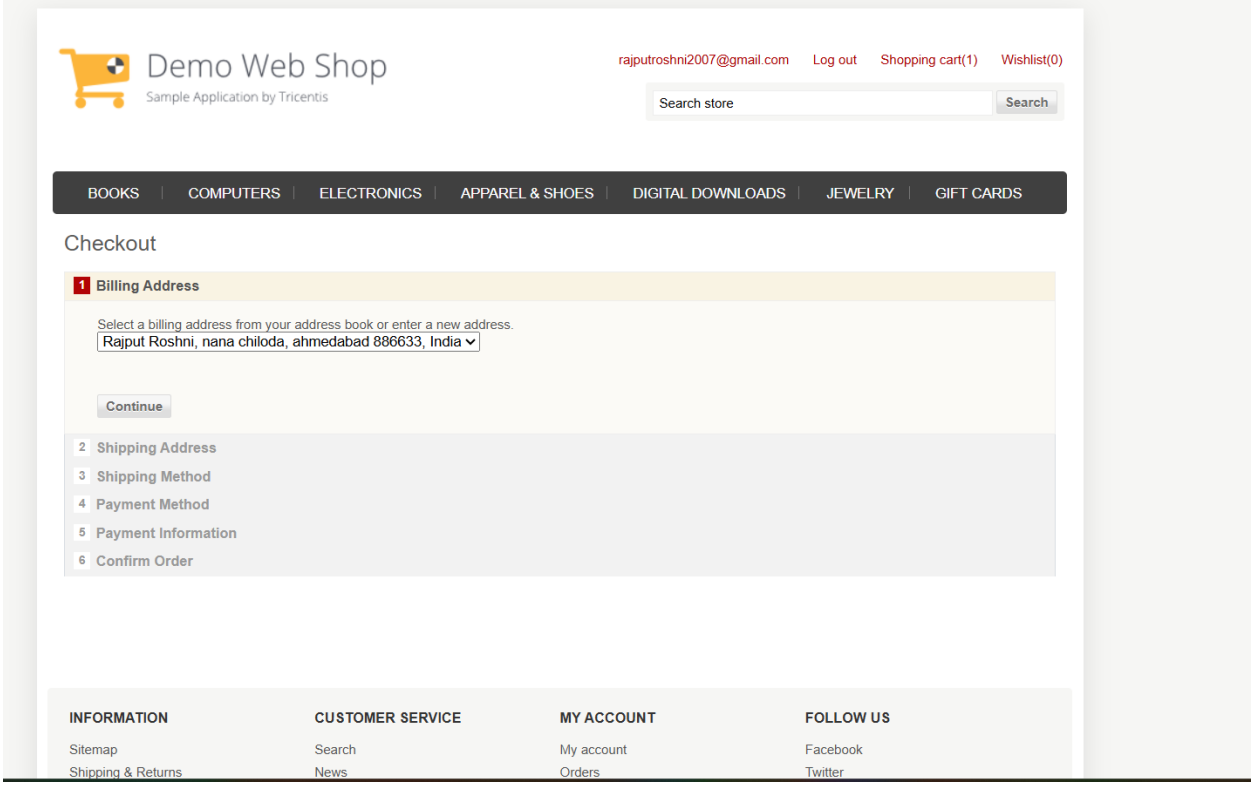

Expected Results: No lag or timeout should be observed

Actual Results: Checkout steps (Billing Address, Shipping Address, Shipping Method, Payment Method, Payment Information, Confirm Order) loaded and were navigated without any noticeable lag or timeout; Billing Address step displayed the saved address 'Rajput Roshni, nana chiloda, ahmedabad 886633, India' correctly and instantly

Status: Pass

Comments: No issue found

Screenshots:

Scenario ID: c8

Scenario: Product Search (Functional Test)

Test Steps:

1. Open Demo Web Shop
2. Click search box
3. Enter product name
4. Click 'Search'
5. Verify search results

Test Input: Search keyword: phone

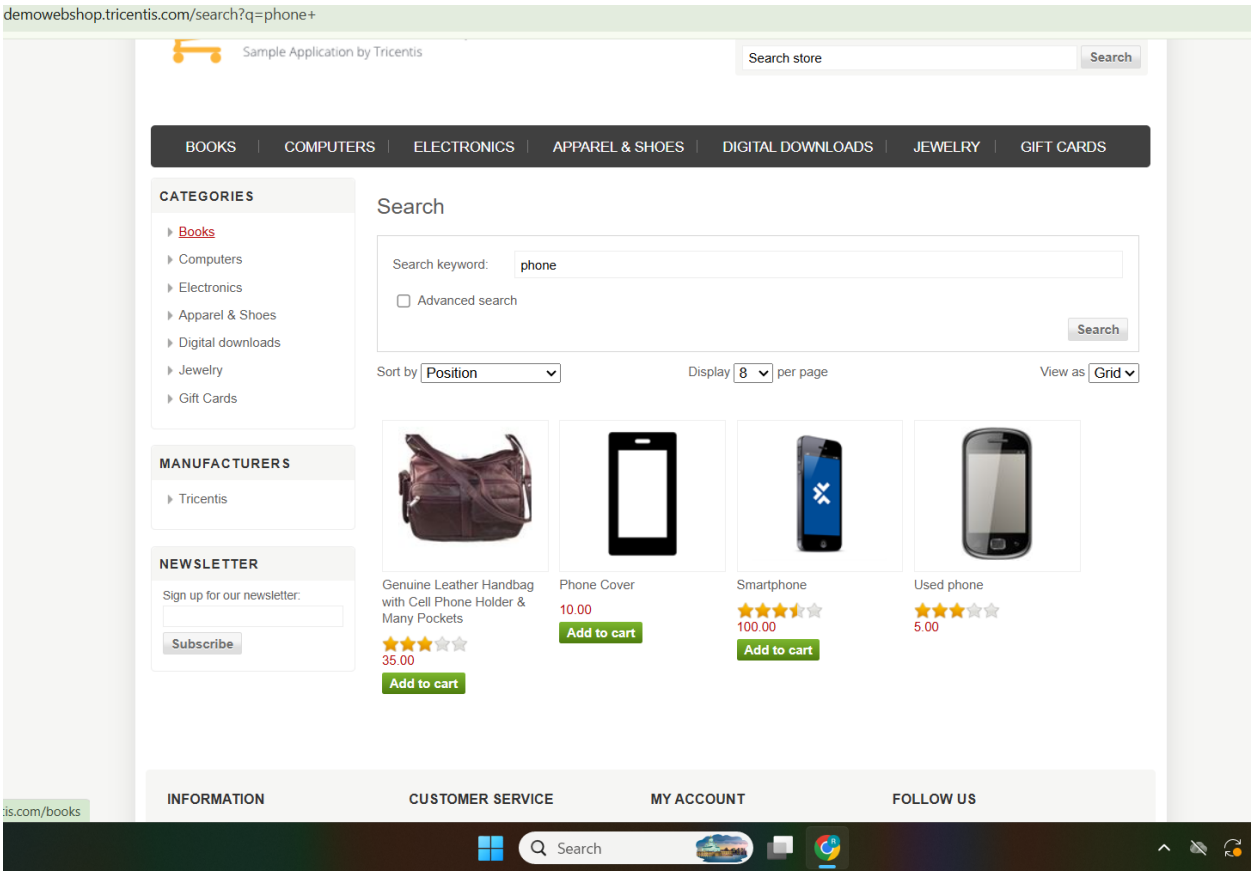

Expected Results: Correct products should be shown

Actual Results: Search results displayed 4 matching products: Genuine Leather Handbag with Cell Phone Holder & Many Pockets ($35.00), Phone Cover ($10.00), Smartphone ($100.00) and Used phone ($5.00)

Status: Pass

Comments: No issue found

Screenshots:

Scenario ID: c9

Scenario: Logout (Functional Test)

Test Steps:

1. Login with valid credentials
2. Click 'Log out'

Test Input: N/A

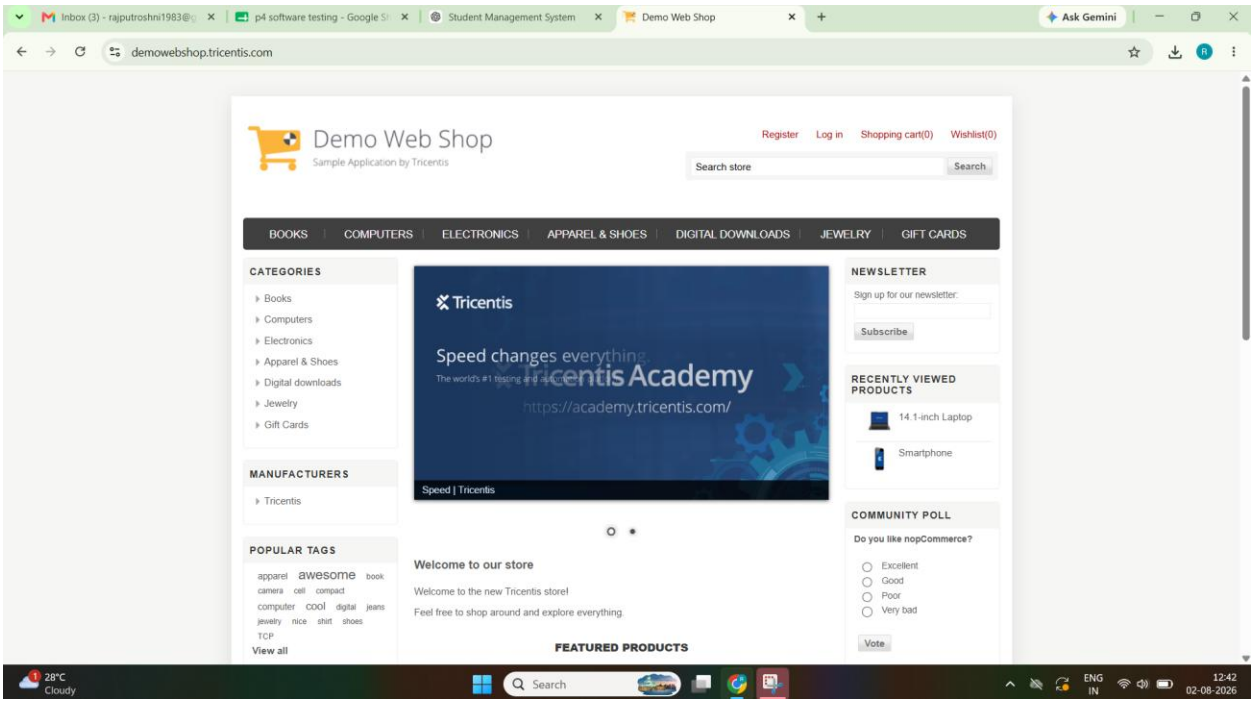

Expected Results: User session should end successfully

Actual Results: Session ended successfully; the home page displayed guest options (Register, Log in) along with Shopping cart(0) and Wishlist(0), confirming no active session remained

Status: Pass

Comments: No issue found
