Scenario ID: b8

Scenario: Proceed to checkout - select shipping method

Test Steps:

1. Add a product to the cart and proceed to checkout
2. Complete the Billing address step
3. On the Shipping method step, verify available shipping options

Test Input: Shipping options: Ground, Next Day Air, 2nd Day Air

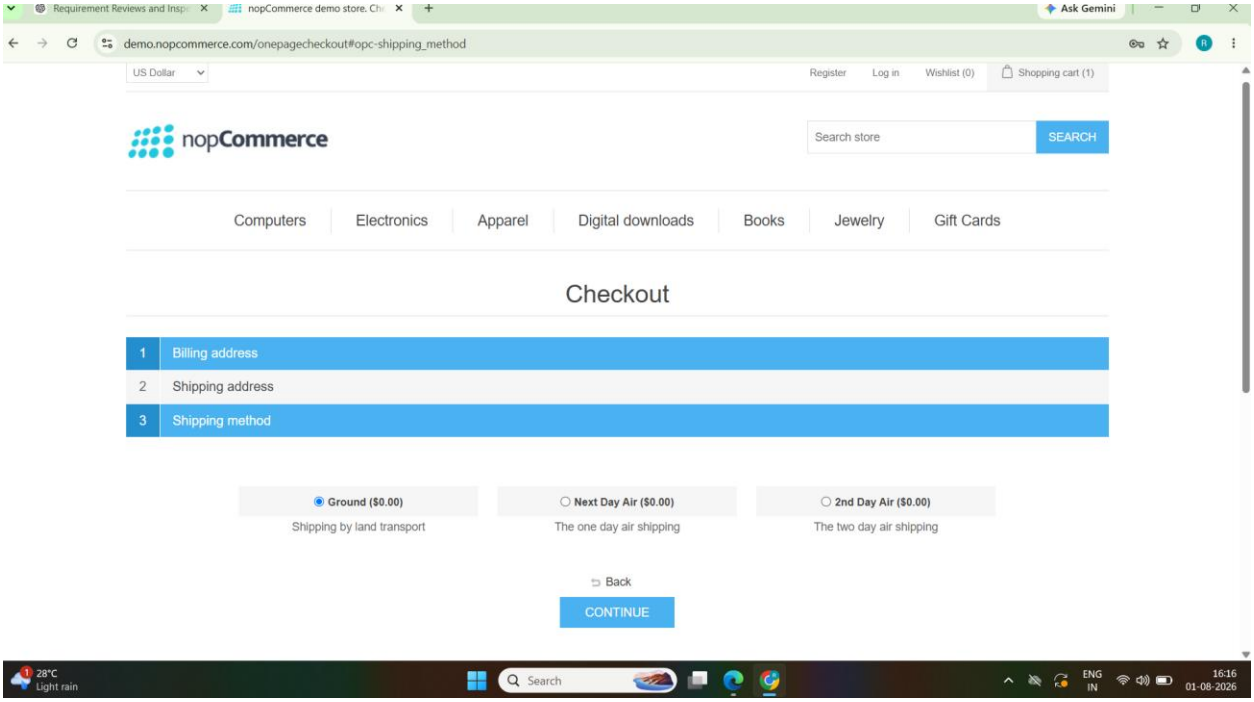

Expected Results: Shipping method step should display available shipping options with cost and description

Actual Results: Shipping method step displayed Ground ($0.00), Next Day Air ($0.00) and 2nd Day Air ($0.00) options correctly

Status: Pass

Comments: No issues found

Screenshots:

Scenario ID: c9

Scenario: logout

Test Steps:

1.click on icon

2. click on logout

Test Input: log out

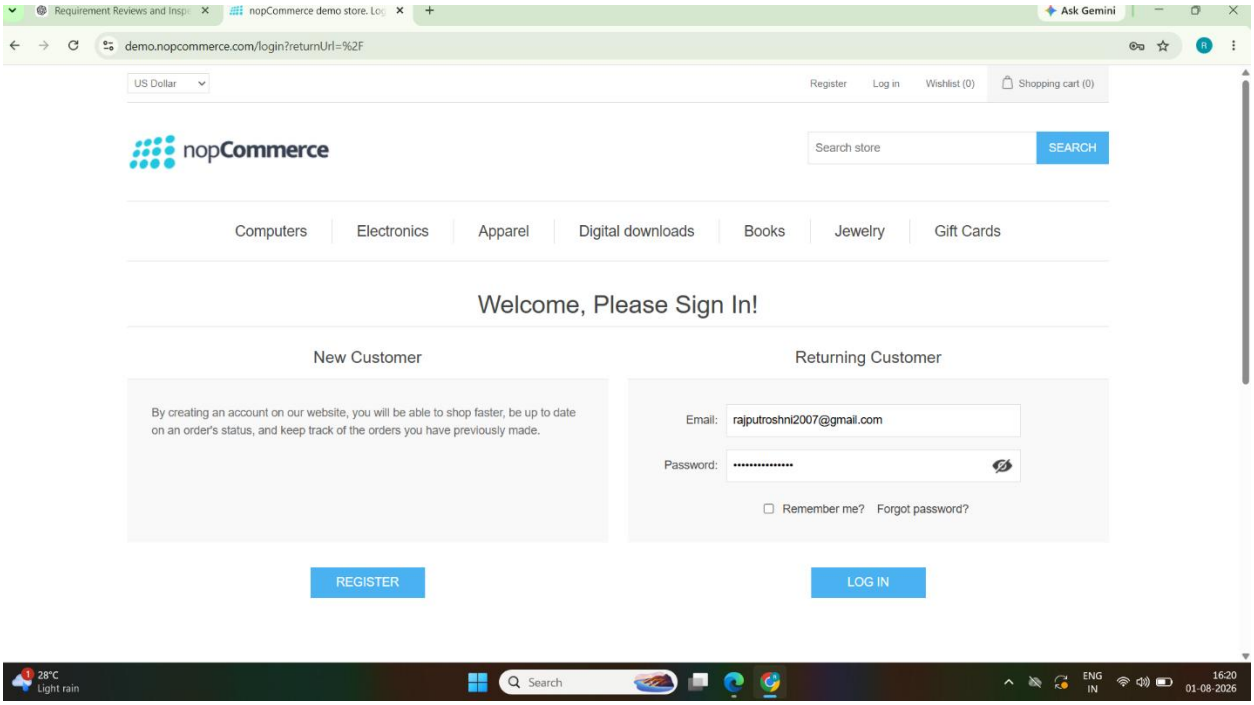

Expected Results: logout successfully

Actual Results: logged out

Status: Pass

Comments: No issues found

Screenshots:

Scenario ID: c10

Scenario: Login with unmatched credentials

Test Steps:

1. Navigate to the Login page
2. Enter email: rajputroshni2007@gmail.com
3. Enter password
4. Click 'Log in'

Test Input: Email: rajputroshni2007@gmail.com, Password: (entered)

Expected Results: User should log in successfully since the account was registered earlier

Actual Results: Login failed with the message 'Login was unsuccessful. Please correct the errors and try again. No customer account found'

Status: Fail

Comments: Bug - account registered earlier (see scenario a8) could not be found during login; needs investigation of account persistence/session handling
